The Madera Cup Co.

X.

This cup is fully functional for any beverage your lips and liver can handle.

Hot or cold!

Each cup is coated with a food-grade epoxy resin, which protects the wood from all types of liquids and temperatures. Simply wash with soap and a sponge. **Never** put in a dishwasher or microwave and **avoid** contact with solvents included in sunscreens and hand sanitizer which could **harm your cup's**

finish.

and.... **enjoy!**

This cup was crafted to last a lifetime. With this in mind we proudly offer a **warranty** against leaks caused by materials or craftsmanship, and a **lifetime** service agreement. If your cup gets damaged please do not hesitate to contact us.

Cheers !
